

THE FIRST STEP IN PROGRESS

PROVEN DESIGN INCREASED POSSIBILITIES

- Delivers up to 82000 lbs. of impact force with each cycle
- Breaks up to 9" thick reinforced concrete
- Operates on any skid-steer with 12-30 GPM* without additional setup
- Free fall design creates smooth operation with less shock back to the vehicle
- Anti-dry fire feature prevents unnecessary firing and improves durability of the machine
- Less maintenance with drop hammer design
- CB40 breaker kit available to convert any Hammer post driver into a concrete breaker
- 1-Year Warranty

*Breaker will still operate on machines with less than 12 GPM, but with fewer strokes per minute

Made in the U.S.A.

"Good enough won't do - it must be right." - K.B. Danuser, Founder 1910

HAMMER CB40

No setup required,
it's ready to go to work!

A HISTORY OF INNOVATION

Established in 1910, DANUSER has been family owned and operated by four generations. We have manufactured auger systems since the mid-1940's. With decades of design and manufacturing experience, our machines have stood the test of time. Today our commitment to our customer remains to design and build products that are the benchmark of quality, reliability, and longevity. In the words of our founder K.B. Danuser, "Good enough won't do – it must be right."

DANUSER manufactures several attachments for various equipment, serving several industries worldwide. Please visit www.danuser.com to see our full line of attachments.

Danuser reserves the right to make changes in design, specifications, and prices without notice and without incurring any obligation relating to such changes.
